

# MICROSOFT TEAMS MEETING ROOM ASSESSMENT SERVICE

**ENHANCE COLLABORATION, IMPROVE PRODUCTIVITY AND TEAMWORK WITH MICROSOFT TEAMS MEETING ROOM SOLUTIONS**

Create an innovative, collaborative workplace with Microsoft Teams Meeting Room that lets you stay connected, anytime, anywhere. Microsoft Teams Meeting Room empowers users to communicate through chat, meetings, and calls, delivering superior hybrid meeting experiences and outcomes.

With its inclusive, easy to use and flexible ecosystem, a Teams Meeting Room solution transforms any meeting space into a collaborative, productive and dynamic environment, that allows everyone to be seen, heard, and fully participate from anywhere.

Our solution architect will identify an effective and secure roadmap to transform your organisation to a digital workplace with the power of Microsoft Teams.

## MICROSOFT TEAMS MEETING ROOM ASSESSMENT OUTCOMES

**Foster superior workplace collaboration**  
Harness powerful technology that enables collaborative, hybrid working modes.

**Experience one-touch-join interoperability**  
Join third-party meetings with Zoom and Cisco Webex with a one-touch experience.

**Receive trustworthy security and compliance**  
Enjoy privacy, security, and compliance with an enterprise-grade experience.

# IT'S TIME TO ENABLE YOUR MOST PRODUCTIVE WORKFORCE

## BENEFIT FROM A COLLABORATIVE CULTURE

- Improved collaboration provides benefits including increasing employee satisfaction, helping in cross-generational understanding, and creating a common culture.
- Users report saving 15 minutes per day on coauthoring and version control activities and 10 minutes per day on searching for information, conversations threads, and coworkers.

## HOST AGILE & EFFICIENT MEETINGS

- Improved worker satisfaction, integration, and empowerment resulting in reduced attrition rates.
- With information and resources readily available via the Teams shared workspace, users report saving 4 hours per week from improved collaboration and information sharing and decision makers improve their time-to-decision by 17.7%.

## REDUCE COMMUNICATION SOLUTION COSTS

- Consolidating onto a single platform allows multiple, incumbent solutions to be eliminated.
- Cost benefits are realised with an 80% improvement in organisation productivity and a reduction in IT compliance and eDiscovery costs by over 13%.
