Meet the family

Optimise learning with Microsoft Surface devices and accessories. Groundbreaking design and innovation are at the core of every product, empowering teachers and students to succeed wherever learning takes place. Surface offers streamlined, zero-touch deployment; modern manageability; a seamless Microsoft 365 experience; and enterprise-grade security built in.

From fostering connection and collaboration to simplifying day-to-day tasks, Surface tools are built to deliver the best of learning today, while preparing students with skills for the future.

Surface Laptop SE

Power your creativity and ideas

Enable students to unlock learning and develop new skills with a laptop that seamlessly runs Windows 11 SE and Microsoft 365 for Education,¹ including easy-to-use web experiences. Surface Laptop SE brings value to schools and IT admins who demand secure, premium experiences for students and expect easy deployment, modern management, and security built in.

Vibrant high-resolution 11.6-inch display automatically adjusts screen brightness to lighting conditions.

Tackle school assignments from anywhere with online and offline capability.

BENEFITS

Windows 11 SE optimises performance with curated, education-first apps designed to run well on budget-friendly devices.

A slim and sleek classic laptop, Laptop SE brings the highly-regarded design of Surface to a budget-friendly device.

Power your creativity, ideas, and productivity throughout a full school day with long battery life.¹

Get the best of Microsoft—including Teams, Office 365, and Minecraft Education—to help students build skills they'll need for the future.²

Manage devices remotely with Microsoft Intune², including app management, security controls, and compliance reports.

SPECS

Windows 11 SE, including accessibility features, full Office 365 experiences, and UI enhancements.²

11.6" display, front-facing 720p HD camera, digital mic, and stereo speakers.

Up to 64GB or 128GB Embedded Multimedia Card (eMMC)³

Up to 16 hours of typical device usage¹

USB-CTM and USB-A ports for connecting to displays and docking stations, plus a tried and true 3.5mm audio jack.

Intel® Celeron® Processor N4020 / Intel® UHD Graphics 600 or Intel® Celeron® Processor N4120 / Intel® UHD Graphics 600

Starting at 1,112.4g

1. Battery life varies significantly based on usage, network and feature configuration, signal strength, settings and other factors. [See aka.ms/SurfaceBatteryPerformance](https://aka.ms/SurfaceBatteryPerformance) for details.
2. Requires qualifying Microsoft 365 or Office 365 license; sold separately. Sold separately
3. System software and updates use significant storage space. Available storage is subject to change based on system software and updates and apps usage. 1 GB = 1 billion bytes. 1 TB = 1,000 GB. See Surface Storage for more details.

Surface Go 3

Productivity on the go

The all-new Surface Go 3 is our most portable Surface PC ever. The power, speed, and flexibility to excel anywhere at an incredible variety of tasks, this 2-in-1 is built to advance learning.

Empower hybrid learning with a light-weight, versatile device that comes with out-of-the-box cloud powered security.

* Microsoft Surface Pen and Microsoft Surface Go Signature Type Cover sold separately
** Battery life varies significantly with settings, usage and other factors.
*** Surface Go 3 with LTE Advanced is coming in 2022. Availability may vary by market and configuration. Visit Surface.com for updates on availability.

BENEFITS

Make tasks easy on a bright 10.5" touchscreen display

Stay productive all day with 11 hour battery life⁴

Optional LTE*** Advanced connectivity

Access portable power at just over 500gm with a 10th Gen Intel® Core® i3 processor

Achieve unlimited flexibility with three work modes enabled by the adjustable Kickstand

SPECS

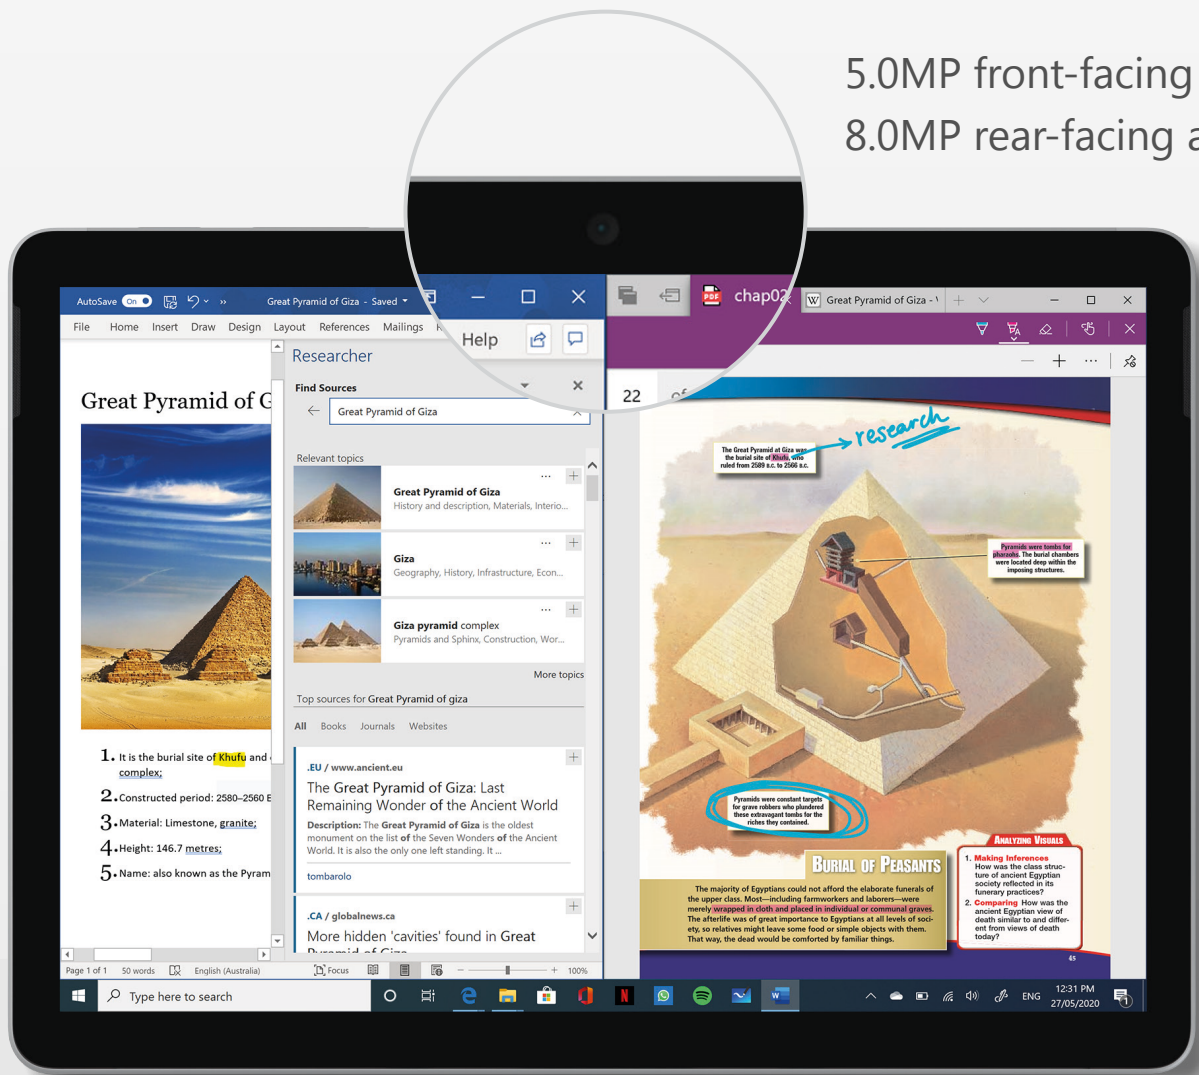

8.3mm thin

Starting at 544g

Up to 11 hours battery life⁴

10.5" PixelSense™ touchscreen display
